

Purpose: The purpose of this document is to guide you on how to submit your homework assignment in the Learning Management System (LMS). <https://learning.redhat.com>

1. Click the Course from **MY TO DO's** on the homepage of the LMS:
2. On the course landing page, scroll to the bottom of the screen and click the name of the course under **HOMEWORK ASSIGNMENT**. HEAD
3. Click the **ADD SUBMISSION** button at the bottom of the page.

HOMework ASSIGNMENT SUBMISSION

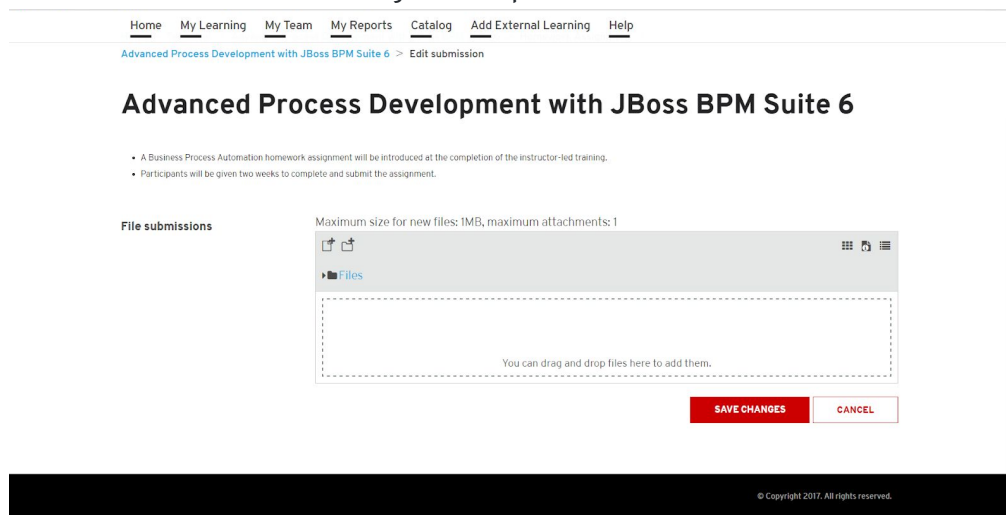

A homework assignment will be introduced at the completion of the instructor-led training.

Click on the link below to access the homework assignment activity. You will be given two weeks to complete and submit the assignment.

[Advanced Deployment with Red Hat OpenShift](#)

4. Click the add icon  or drag and drop into the dotted window.

The screenshot shows the LMS interface for the course 'Advanced Process Development with JBoss BPM Suite 6'. The navigation bar includes links for Home, My Learning, My Team, My Reports, Catalog, Add External Learning, and Help. Below the navigation bar, the course title is displayed. A list of bullet points indicates that a Business Process Automation homework assignment will be introduced at the completion of the instructor-led training, and participants will be given two weeks to complete and submit the assignment. The 'File submissions' section shows a maximum size for new files of 1MB and a maximum of 1 attachment. A dotted box indicates where to drag and drop files. At the bottom right, there are 'SAVE CHANGES' and 'CANCEL' buttons. A copyright notice for 2017 is visible at the bottom of the page.

5. Click **SAVE CHANGES**.

***You can edit your submission once it has been graded if you receive a non-passing score. Follow the steps above to go back through the homework submission process.**
